Bowell Meeting Asks Govt. For Help to Move

CONTINUED DROUGHT LEAVES THEM LITTLE TO HOPE FOR NO CROP AND NO FEED FOR CATTLE. C. P. R. REPRESENTATIVE ADVOCATES IMMEDIATE ACTION.

A meeting of farmers of the Bowdell and Bowdell districts was held in the Bowdell school house last Saturday evening.

F. B. Wetherburn was chosen as chairman and in his opening remarks he explained the objects of the meeting. He said the people of the district had never faced such a crisis as they did at the present time. They had been trying to make a success of farming for several years. In that time the country here given a fair trial but things had gone from bad to worse until it was time to move out. In the last few years the district has been hit with a drought which has made it impossible to grow this year. Owing to the series of crop failures the farmers are not able to move out and the meeting would be asked to petition the government for free transportation of the district.

The services of Mr. Dick of the Land Sales department of the C. P. R. had been secured for this meeting and those present some information as to what the C. P. R. was prepared to offer in their litigation.

Mr. Dick said the company was anxious to get men and women to themselves and as long as they could get the best they could they would get every assistance from the company. He assured them that this was not a get rich quick proposition but that there was a lot of hard work in connection with it. He advised taking up 80 acres and going to the Windmill and the other places such as the Valley, the Valley and the Valley. He said that many of the farmers were being disposed of rapidly by the company and he would be glad to see them as soon as possible. He would be glad to see them as soon as possible.

Mr. Dick also explained the terms upon which these farms were sold. At the conclusion of the meeting several questions were asked and satisfactorily answered.

Successful Smoker At G.W.V.A. Club

The G. W. V. A. put on a smoking contest in their club rooms last Monday evening. The crowd was not as large as is usual on such occasions. This was no doubt due to the fact it was not well advertised, and many did not know about it. Those who were present however enjoyed the splendid program given.

Those taking part were H. J. Cox, E. Osgood, S. McVet, W. Waters, F. Allard, H. Chapman and F. Jones. An orchestra, composed of C. D. Scott, Gaxier, McMillan and D. Kerr rendered several numbers during the evening, adding much to the success of the program.

On the whole the evening was a great success and thoroughly enjoyed by all present.

DANCE IN EMPRESS THEATRE JULY 25

The manager of the Empress theatre has completed arrangements for a dance in the theatre on Wednesday evening, July 30. The floor is being specially prepared for the occasion and good music is assured. There is no doubt that the event will be taken of this night by lovers of the light and festive.

Big Picture Sensation Here This Week

One of the best pictures seen in Redcliff for some time will be shown in the Empress theatre on Friday and Saturday of this week, when D. W. Griffith's super-triumph "Hearts of the World" will be shown. This is more than a picture, it is a world in itself. It goes straight to the heart, it is as big as mankind. In this picture there is more truth, more action, more fine photography, more beautiful scenes, more magnificent acting and more reality than you will get in a dozen so-called features.

In taking the many war scenes of this superb masterpiece, D. W. Griffith had the official aid and cooperation of the British and French war veterans. Mr. Griffith, by special direction of the British government, A. E. Smith, was escorted close to the firing line trenches, and up the cone in many dangerous positions, was seen in many wonderful effects and scenes of the great war which would have been impossible except for the aid and co-operation of the governments of Great Britain and France.

To date this has only been shown in the largest cities and now it is being shown in Redcliff. It is the only picture of training having been lengthened by the British government.

This year Calgary is the only Normal school which is conducting the Annual Normal school course for university graduates. It would also appear from the announcement issued by the Calgary school board that the school will have just been announced. The school will open nearly a month later than usual this year, but will continue until June 1. The course of training having been lengthened by the British government.

Redcliff Loses in Five Roses Cup

Despite the fact that Redcliff entered the field with only nine men in the five roses cup game against the Indians last Thursday evening, they lost their opponents down, but the winning players had been secured and went to the island with only one goal scored against them.

With the difficulty experienced in securing the necessary line-up it is rather surprising that Redcliff finished the game with only a 1-0 score. It was due to the excellent work of the defence throughout the game that the score was not much larger.

The game was one of the best and most stirring contests of the season and the result means that the Indians have ended this cup for this season.

It is very unfortunate that the Redcliff team has been handicapped in some measure because of the shortage of players. This has been partly due to the apathy of some of the younger players and the moving away of some of the older ones. The committee and more enthusiastic players deserve great credit for staying in the game as well as they have and making the excellent showing they have.

Some changes in Normal School Course

Several changes of interest have been made in connection with the course conducted at the Calgary Normal school, which have just been announced. The school will open nearly a month later than usual this year, but will continue until June 1. The course of training having been lengthened by the British government.
